FOR PARIS: Group still wishes to confer with General Lauris Norstad and the person in charge of US relations with COCOM. It is requested that after their arrival on the 19th that the rest of the day be left free. On Saturday, April 20, the Codel desires to meet with Ambassador Houghton; and either on the 20th or the 22nd, they would like to meet with General Hardenbergh, Controller of the US European Command. If their hotel reservations cannot be changed for the dates in the above itinerary at Georges Cinq, the group then would prefer the Crillon or the Ritz, in that order. Please confirm.

The afternoon of the 23rd will be devoted to their visiting the refugee camps. Appointments need not be scheduled with the Director of ICEM nor the High Commissioner for Refugees. On April 24, the group would like to meet with Mr. John McCernac, of the New York Times, and two or three other newsmen who were in Hungary at the time of the outbreak. In the afternoon of the 24th, they would like to confer with officials from LICROSS.

All posts are requested to make the necessary hotel reservations in accordance with the itinerary changes listed above and in accordance with the preferences listed in CA-7656 or comparable ones. Please confirm such to the Department immediately.
